A Weekend of Solidarity, Prayer, and Action at The Open Gate Retreat Center - Williston Fl

JUST LIKE YOU

The Just Like You Retreat is a weekend of prayer and praise, learning and action with a focus on the Catholic Relief Services motto living as “one human family”. Led by the words and lives of the Saints, we explore each persons call to be “Holy, just like Jesus.”

Handpicked participants who are identified as outstanding leaders in their community will explore the principles of Catholic social teaching and Fair Trade through interactive stories about families around the world who farm and create the goods we consume. The weekend will include: visits with organizations who work with and for the poorest of the poor throughout the world; soul searching discussions; and an opportunity for community service. All of which teaches us that as we are transformed by Christ’s example and His heart so too are we called to transform the world.

To conclude we will share in the Holy Eucharist together, be commissioned as one human family of fair traders, and then accept the challenge ahead...Our closing will address each participants’ calling to continue the work of fair trade in their own community and explore the possibility of participation in the Central Florida Catholic Fair Trade Youth and Young Adult Coalition.
